CORPORATE MEMBERSHIPS

Corporate memberships can be acquired by the acquisition of a Certificate of Corporate Membership and the payment of $1000.00 as a capital contribution. The corporate member has a right to designate one individual as its designated member upon the annual payment of an amount equal to the annual dues of a regular individual member. The corporation may change its designated member upon payment of a transfer fee determined by the Board of Governors, which is presently $50.00. A corporate membership is not transferrable to another corporation unless approved by the Board of Governors. If a corporate member fails to designate a member or fails to pay annual dues for two (2) years, the membership is cancelled. At the present time the current dues are $379.00 per year, plus tax at 5.5% for a total of $399.85.
